Our Merchants!

The growth and development of any community depend to a large extent upon the character and progressiveness of its merchants.

A city chooses its merchants, for only those whom the people patronize can afford to remain in business. The man who does not "play fair" will, sooner or later, be found out and forced to quit. The honest merchant who knows his business and sticks to it is bound to succeed.

This community is fortunate in having its mercantile business in the hands of high class men. No finer body of business men can be found anywhere in the world than those with whom our people have the privilege of dealing daily.

THE BEGINNING OF A BANK-NOTE

Little Marcia's baby dress though made of the finest linen was ultimately worn threadbare. One day it landed in the rag bag and was sold to the junk dealer. When the rag sorter touched the discarded garment he detected in a flash the fine quality of the flax and set it aside for a journey to the Bureau of Engraving and Printing at Washington. Eventually it became legal tender—a bank-note. Just how is told in one of the beautiful booklets about Our Government which we are sending each month to those interested.

Just send us your name and address and you will receive a copy of every issue of the series without charge.

Almond--Martin

On April 29th, at the Methodist parsonage Miss Mary Brucie Martin became the bride of Mr. Arthur Cleveland Almond. Rev. W. G. Bates, Jr., performed the ceremony. The bride was handsomely attired in a suit of navy blue tricotine with gray accessories. The bride is a daughter of Mr. Luther Martin and the groom is a son of G. W. Almond, deceased. After the ceremony the happy couple left for the home of the bride's sister, Mrs. W. A. Moon, where a delicious supper was served; the table was beautifully decorated for the occasion with snow balls and ferns, where they will reside for the present. Our best wishes go with them for a long life of happiness and prosperity. X.

Farmers report tobacco plants plentiful, but they are as a rule trying to curtail the crop and make only good quality. This system will do more to put up the price than anything the farmer could adopt.

Director Wingfield and Dark Leaf Mg'r Chambers, of the Market Association, was here yesterday looking over the warehouse and factory facilities here. They report that we have facilities here for taking care of five million pounds annually. The town is making every arrangement to take care of all the tobacco that comes to Appomattox and certainly all Appomattox people love to come to Appomattox. An election held this night for the recommendation of a suitable manager of the warehouses at this place Howlet Martin won in the following vote: Howlet Martin 36; W O Moss 15; A H Howerton 2; W B Harvey 0; Martin was then unanimously recommended and the meeting of buiness men and farmers pledged their hearty support to the organization.

Tanlac is the result of years of study, experimentation and research by some of the world's greatest chemists. Hence its merit Chas. F. James.
